SOCCER FOOTBALL LEAGUE IN CITY PUBLIC SCHOOLS

Soccer football, the great English game, will probably replace Rugby, in the Salt Lake public schools if the plan of the athletic committee is carried out. The committee held a meeting Thursday afternoon in the office of Supt. D. H. Christensen when the forming of a league was discussed. It is proposed to arrange a schedule with a team in every school and give a pennant for the championship. The resolutions were as follows:

"I. That we introduce the game of soccer football; that a school league be organized at once, and that pennants for first and second places be offered.

"That no other leagues be organized this fall.

"3. That each school be furnished a soccer football upon request of the principal."

The athletic committee presenting the resolutions is composed of J. H. Coombs, chairman; F. N. Poulson, Alma C. Clayton, Evelyn Reilly and Eta Powers.

LARRY LAJOIE OF NAPS, CHAMPION STICK WIELDER OF 1910 SEASON.

Cleveland, Oct. 5.—Although the season will not close until Oct. 9 and the official averages will not appear before November, Larry Lajole, the phenomenal second sacker of the Cleveland Naps, has earned the title of "champion batsman of the world." The big Frenchman will also have the honor of riding around in the automobile that is to be presented the man who leads the major leagues with the stick. After 14 years' servitude in the big circuits Lajole is batting .370. This feat is unparalleled in the history of baseball. To prove his greatness beyond the shadow of a doubt he has batted over .300 during all the years of his diamond career except two or three seasons, career except two or three seasons,

when bowed down with the worries of managing a major league club. While praising the greatest batsman of the age the fans mustn't forget that in ease and grace, in style and deadly execution, no living second basemanever excelled the Napoleon of the national game. No one ever hailed Lajoie as being a champion base stealer, but in batting and fielding he is, all and all, the player of the game. Long and sustained effort is the only true test of greatness. When Cobb, Evers, Speaker and Collins stand the test of time then it will be proper to compare them with the most graceful of fielders and the sturdlest of sluggers—Napoleon Lajoie. of the age the fans mustn't forget that

JOHNSON PRESS ASSOCIATION GREAT PITCHER WHO HAS

MADE NEW STRIKE OUT

RECORD.

Washington, Oct. 5.—When Walter Johnson, the star pitcher of the local team, fanned 10 of the White Sox players in Chicago recently he ostablished a world's strike out record for a season. Johnson's total after the recent game was 307 for the year. The former record was 301, made by "Rube" Waddell in 1903. This is not the only pitching record Johnson has established. He holds one other, which perhaps will never be equaled in a major league—that of shutting a team out without a run three consecutive games. This Johnson accomplished in the fall of 1908 in New York, when he pitched three consecutive days against the Highlanders and did not allow them a run. The feat was a most remarkable one and will probably stand unequaled for all time to come. Johnson has been a sensation ever since he broke into the American league, but there are reasons for believing that he is just now rounding into his very best form. He has pitched much better ball this season than ever before, and his work seems to be improve, RECORD.

If scalpers sell any tickets Sunday or any other day before the game, they will have to do some fine plotting to secure the pastchoards. The officials in charge of the ticket sales have been warned in particular to be on their guard against all kinds of tracery in the disposition of tickets and the interest of the public will be protected."
